

YOUR VOTE FROM ABROAD CAN MAKE A DIFFERENCE

VOTE SGP!

The SGP stands for politics with an open Bible. The Bible is our guide in the work that we do. As a political party we want to keep the promises that we make. As our voter, you must be able to rely on the commitments and promises we have made in the House of Representatives and during the election campaign. In our platform we pay special attention to the protection of unborn and vulnerable life, family values and security.

Party leader Chris Stoffer: *"Do you also want a strong pro-life and pro-family voice to be heard in the Netherlands? Vote SGP. The more votes we get, the stronger we stand! May we count on your prayers, your support and your vote?"*

Would you like to vote from abroad? Please visit stemmenvanuithetbuitenland.nl and fill out the registration form. Make sure you register before October 11th, so there is enough time to process your registration for the upcoming elections for the House of Representatives.

Tip: also tick the boxes for the other elections that you would like to receive an automatic invitation for. By doing this, you only have to go through the registration process once.
